

All adults in the U.S. are eligible to receive a COVID-19 vaccine. As current guidance from the CDC notes that fully vaccinated and boosted people can travel safely, I am requiring that all participants on photography workshops and tours be fully vaccinated and boosted (if eligible) by the time of their trip.

Please complete this form for *each person traveling*. Please return the form(s) as soon as possible.

I have been fully vaccinated and boosted for COVID-19 and was/will be considered fully vaccinated by the date indicated. I will provide proof of vaccination. Date fully vaccinated:

If you prefer for your digital security to not send proof of vaccination electronically, please be prepared to show proof of vaccination upon arrival.

I have completed my vaccination series but am not yet eligible for a booster.

I understand that I may be required to provide a negative rapid test result the morning of departure on the trip, if the local covid-19 rates warrant it.
